Featured Article: Message on Parx Casino Grants

In an effort to clear up some confusion and misunderstandings on the Park Casino Grants, I would like to shed some light on how the grants are awarded by the Bucks County Redevelopment Authority (RDA) relative to communities that are sponsored by the Hulmeville Borough. To quote the RDA:

"The Municipal Grant Program (MGP) provides grants for capital projects and public improvements. MGP funds may be used for projects consistent with ACT 71 of 2004. Eligible projects are defined in section 1403 (c) (2) (v) and deal with the impact on the community of the gaming facility operations. The MGP provides grants to eligible municipalities for projects which, in the judgment of the RDA of the County of Bucks, best comply with the provisions and goals of ACT 71 of 2004."

Who are the eligible municipalities? They are the four communities contiguous with Bensalem: Middletown Township, Lower Southampton Township, Bristol Township, and Hulmeville Borough. Although Bensalem is guaranteed \$10,000,000.00 or 1% of the slot machine proceeds, whichever amount is higher. Bensalem is also eligible to put in a grant to the RDA for additional grant money, as is Bucks County.

The RDA will only accept grant requests from these municipalities. However, any one of these municipalities can sponsor another municipality or organization if it believes the requests worthwhile and complies with the criteria of ACT 71 of 2004.

Over the past 10 years, Hulmeville Borough has received thirteen grants on behalf of the Borough and the William Penn Fire Company for a total of \$2,651,656.00:

2008 Improvement to Levittown station - \$825,000.00 Firehouse parking lot - \$99,225.00 Police car - \$25,705.00 Street resurfacing - \$64,837.00	2009 Borough Hall - \$300,000.00	2010 Borough Hall - \$389,500.00 Street resurfacing - \$284,459.00
2011 Firehouse kitchen - \$192,000.00	2012 Main Street Bridge - \$397,000.00	2013 Police Radios - \$24,555.96
2014 Pre-emption for emergency vehicles - \$9,247.00	2015 Police SUV - \$42,000.00	2016 EMC/Constable Radios - \$14,422.00

In the past few years, Hulmeville Borough has been approached by other communities and organizations asking if we would sponsor them for a grant. Council has agreed with some of these requests and with our support the following grants have been awarded:

Penndel Borough Received \$200,000.00 to purchase a building to set up a new police station	Penndel Borough Received \$50,000.00 for critical improvement to the new police station	Bristol Borough Received \$310,000.00 for emergency radios for the Borough Fire Department
---	---	--

The confusing part for most residents to understand is a certain amount of grant money is not automatically allotted to each of the eligible municipalities for them to use or give away. The RDA in its sole and absolute discretion looks at all the grant applications and then awards the grant that it believes are the best use of the money for that given year. The Hulmeville Borough Council, along with the Mayor, put the needs of Hulmeville Borough and the William Penn Fire Company first. However, the final decision is always made by the RDA.

I hope this explains how the process works and you now understand that we are not giving away money that can be used by us. We are only sponsoring grants so other communities can receive some much needed assistance. If you have any questions on this matter or on any other Borough issues, you can always contact me. Thank you from: *Tom Wheeler, President of Hulmeville Borough Council*

Do you know someone who is suffering from addiction? Visit www.pastop.org

The U.S. is in the midst of an epidemic of opiate addiction and overdose. Overdose deaths from prescription painkillers have quadrupled since 1999. Deaths from heroin have tripled in the last five years. Pennsylvania has a higher overdose rate than most states.

The Commonwealth Prevention Alliance (CPA) realizes immediate action needs to be taken to prevent opiate abuse. We believe this website, and its content, will provide you with increased awareness, education and information on how to seek help. For more information about how to access local treatment and prevention resources visit:
