

Regional Household Hazardous Waste or Electronic Collection Program

For immediate release

March 26, 2014

Contact: Art Feltes
215-345-3400

What do you do with household hazardous wastes in your home when it is necessary to dispose of them? Your waste hauler does not want hazardous waste mixed in with your household trash nor does he want any liquids for that matter. Therefore, you may have begun to wonder what is the proper way to dispose of this material? If so, the Southeastern Pennsylvania Regional Household Hazardous Waste Collection Program is for you.

The intent of the program is to provide an environmentally responsible way to dispose of hazardous materials and to provide residents with information on how to produce less hazardous waste in the future. For example: when purchasing products that may be hazardous, only buy enough material for the intended purpose, or be sure, as a DIY auto mechanic, that you regularly take your used motor oil to auto service centers that are willing to accept it.

The collection program consists of at least twenty-five collection days scheduled throughout southeastern Pennsylvania of which eight are scheduled in Bucks County.
The ELECTRONICS ONLY dates in Bucks County are:

ELECTRONICS ONLY

April 5, 2014

*Harry S. Truman High School
3001 Green Lane, Levittown

600 Park Avenue (Rear Lot)
Quakertown Borough*

Hazardous Waste and Electronics

August 23, 2014

*Bucks County Technical High School
610 Wistar Road
Bristol Township*

Residents may bring a maximum of 25 gallons or 225 pounds of material to the appropriate collection event accepting that specific item.

Do not bring: large appliances, biological waste, explosives, radioactive waste, or tires.

Guidelines for safely transporting household hazardous waste to the collection sites include:

- Place all materials securely in a box, to prevent spilling.
- Keep all products in their original containers with labels intact.
- Keep all caps and lids on tight.
- Wrap leaking containers in newspaper and place in a plastic container for transport.

- Do not mix materials.
- Do not leave loaded vehicle in a hot unventilated area for prolonged periods.
- Do not smoke near the chemicals.

If you have LATEX PAINT avoid the lines at the collection and dry it solid and place in your regular trash. LATEX PAINT is not hazardous and can be disposed of normally once dried.

The program is for residents only; no material will be accepted from businesses, industry or institutions.

This is a regional program as the counties of Bucks, Chester, Delaware, Montgomery and Philadelphia are working together to make the program more convenient to the residents in southeastern Pennsylvania. As a result, the residents of Bucks County are welcome to take their household hazardous waste or electronics to one of the neighboring county collection events if that date or location is more convenient. Please verify the details of the Non-Bucks events; some will also only be taking paints or only be taking TVs and electronics. **All collections are held on Saturday's from 9:00 a.m. to 3:00 p.m. unless noted otherwise, rain or shine.**
